VOLUME CVIII.--NO. 143. ALEXANDRIA, VA., SATURDAY EVENING, JUNE 15, 1907. PRICE 2 CENTS.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason *why* it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed *free* to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

"If Anything Happens, Send for the Elks."

"If anything happens, send for the Elks. They are my best friends." That is what a poor sick little girl said to one standing by her bedside.

In olden days her father was a member of New York Lodge. Many a time he was heard to say that he would part with all his possessions before he parted with his Elk membership. But man proposes and God disposes.

Evil days befell him, and he seemed to lose his grip on life. Things went from bad to worse and before many days he gave up the fight. One dark night he passed into the valley of the shadow, leaving behind him a golden-haired daughter to fight her battles alone.

It was not until the odds were too great for her to overcome, and sick and helpless she groped for relief. It was then she wrote the Exalted Ruler:

"The doctor tells me I must get into a hospital where I can have constant care. But I have no money or influence. Many times I heard my father say 'little girl, if anything goes wrong, send for the Elks. They will be your best friends.' Everything has gone wrong and so his little girl appeals to the Elks."

Through the kindness of our good chaplain, and one or two of her stalwart brothers the little girl was soon placed in the care of the gentle nuns at ——— hospital. When she entered they said to her, "In case of an emergency, whom shall we notify?" No answer came. "Have you a father, or mother, or brother, or sister? and the girl sobbed as her loneliness came pitilessly before her. Then they asked, "Who is your best friend?" Her face brightened for a moment and she smiled and said:

"If anything goes wrong send for the Elks. They will be my best friends." They wrote it on the identification card just as she had spoken.

On a summer's evening, when the moonlight came into the ward, with it came an angel and beckoned her to follow. Her soul alone was strong enough to obey, and father's little girl went to join him. The next morning our Secretary was at his desk. The telephone rang. After a moment's conversation he was heard to say: "Do I understand she said the Elks would be her best friends?" "Yes," came the answer. "It is so written on the card."

"Her trust shall not be in vain," said the secretary. "I will come up immediately."

A few days later she was laid to rest beside her father. A headstone tells her name and on the stone at the foot of her grave these words are written. "The Elks are very proud to be the best friend of father's little girl."—[Eureka Springs, Ark., Flashlight.

Strike Ends With Riot.

Disorders more serious than any during the progress of the strike marked the end yesterday of the struggle between the New York longshoremen and the officers of the big trans-Atlantic lines by whom they had just been re-employed. When the strikers appeared at the piers to apply for their old positions as a result of the vote of the men Thursday night to call the strike movement off, many strikebreakers were informed that their services would be no longer required. The strikebreakers were directed to stop work for good at noon and go to the pier offices for the money due them.

About 300 of them had been paid off at the White Star Line docks and had marched out into West street when a hundred or more strikers armed with clubs made a rush for them.

At the same time scores of other strikebreakers began to pour from all the doorways in the vicinity, and within a minute the hundreds of men were engaged in a hand-to-hand fight in the street.

The strikebreakers fought entirely on the defensive, however, and when a score of policemen, who had been summoned to the scene, began with their clubs to open avenues of escape the strikebreakers took to their heels. But the strikers had anticipated just such a move and as the fleeing men darted into side streets they were met by others who had been waiting for them and they were forced to fight it out again.

Clubs, knives and stones were used freely in the series of fights which continued for nearly an hour, and many of the participants were badly beaten.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here s where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. All persons owning or intending to keep any animal of the Dog or Canine species should come forward on or before

and take out a license for the same from the Auditor. After the 30th of June all persons owing or harboring Dogs without the required license are subject to a fine as the laws on the subject require of $3.00 or $5.00.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

☞In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for licenses to the Auditor.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, JUNE 15, 1907.

IT COSTS the government in the neighborhood of $6,000,000 annually for the leisure of its employes. Not many employers treat their employes so generously. In fact, not many could afford to do so. There are on the government payrolls about fifty-five thousand employes, and their annual salaries approximate about $60,000,000. Most of these employes are entitled to thirty days' vacation annually. They are also allowed to take thirty days' sick leave annually on full pay. It is estimated that 75 per cent. of the employes take their vacations regularly, and many take their full thirty days' sick leave. A treasury official with whom statistics are a hobby has made a careful computation, and says that more than $6,000,000 of good government funds go for "loafing spells" of employes. As he figures it, the government work could be done with one-twelfth less the present number of employes easily. Or, taken in another form, the present force can do all the government work in eleven months, probably in ten, for which they now receive twelve months' pay. He also suggests that if the government work was done by contract it could be done for three-fourths the present cost.

THE JAPANESE QUESTION, as has been stated several times recently, is not regarded seriously by the officials of the United States nor by those in Tokio. A contemporary makes the following sensible observations:

Japan is the ally of England. Beyond a certain point the Tokio government cannot go without English consent. This will never be given. Japan itself needs to recruit after the Russian war Its finances, as they stand, have called for the heaviest taxes and the largest expenditure Japan has ever had. A new loan is needed. The Japanese trade situation is strained. Its expansion in new companies, new enterprises, in the development of Korea and Manchuria and in the awakening of China, absorb all resources. Any strain at this juncture would mean disaster. The inevitable conflict with Russia looms before. China must be protected. Japan cannot turn aside to any lesser issue. Newspapers may talk folly in both lands, but neither nation will act. Instead, both are under bonds to keep the peace. All our ends in the East will be hindered by even the appearance of a difference with Japan. The United States needs Japan in East Asia. Japan needs the United States. It is awkward that a foolish mob in a graft-ridden city has brought any differences; but these will never lead to more than diplomatic discussion.

ANOTHER demonstration of the American's irregular notions of the work to be done by a regular army is seen in the protests being lodged almost daily by privates against the weekly practice marches. These marches are said to be so thoroughly disliked that their continuance is affecting enlistments seriously; particularly are re-enlistments being reduced in number, because the men in the ranks regard the work as too onerous. The unhappy army officials are confronted with something like a paradox—they must maintain a regular army, but may not keep it in order. And the soldiers display the desire of many fellow countrymen to get something for nothing. Regular army service without stiff and frequent drill is "soldiering" in all the worst imputation of that word.

THE filling of the papers in the government's suit against the power trust, at Cincinnati, may it is said, be delayed until the last of this month. It appears that under court procedures, the defendants could not be required to answer any sooner if the suit was begun now, than if action were delayed until June 10. Under these circumstances the department has decided that there is no need of haste.

WITH PRESIDENT ZELAYA, of Nicaragua, plunging into a vigorous campaign against Salvador, and preparing, according to general belief, to incite the revolutionists of Guatemala to arise against President Cabrera with the promise of material aid from Nicaragua, and with Mexico sending large forces of troops to the frontier, the present government of Guatemala is trembling, in fear of a complete early downfall. According to information received in Washington, it would appear that President Cabrera is well justified in his present fears. The sending of a joint appeal to the American government for intervention to save them from the merciless invasion of Nicaragua already is being considered by by Salvador, Guatemala and Costa Rica. The situation that has now developed since Zelaya has broken his own peace treaty, drawn up at his own terms, opened war on Salvador and assumed a belligerent attitude toward all his neighbors, is the most complicated that has ever been presented to this government from Central America.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, June 15.

With all the essential testimony in and possibly all that will be taken, the members of the Senate committee on military affairs investigating the shooting up of Brownsville and the subsequent discharge, without honor, of the soldiers of the Twenty-fifth infantry are said to stand 8 to 4 for a report sanctioning the President's action with one member doubtful. A minority report, drawn by Senator Foraker, will doubtless be presented to the Senate, setting forth that the discharge of the soldiers without trial was unwarranted, and that proof is lacking that the shooting was done by them. The committee has adjourned until November 18.

A telephone message at the Navy Department from the Commandant of the Norfolk Navy Yard, announced that the wrecked launch of the Minnesota had been raised to the surface, and that it contained only one body, that of the firemen. Search will be continued by divers for the other bodies. The launch was raised by means of a derrick sent out from Norfolk.

Although the State Department's instructions to the delegates of the United States government to The Hague Peace Conference, which convenes today, have not yet been officially made public, the Publishers' Press is in position to announce the stand they are expected to take on the important questions to be discussed. Generally speaking they are to do everything within their power to advance the cause of permanent peace and to reduce the horrors of war. To this end they will support any proposition that looks towards the extension of the principle or arbitration of dispute between nations and to the enlargment of the permanent Hague tribunal. They will also urge a freer use of that tribunal and of the international commission of inquiry by the nations of the world in order to avoid war, and support any measure looking toward bringing about a better understanding among nations.

It was officially announced at the State Department today that the United States delegates to the Hague conference will not bring up in that body the question of the limitation of armaments. The sentiment of the other powers being against taking up the subject the United States, being less interested than they, will acquiesce in that determination.

Secretary Taft is better and his condition gives no occasion for uneasiness. This information reach the War Department this morning. The Secretary will cut out his projected visit to South Dakota and will rest in St. Paul today.

Treasury officials have been notified by the bank examiner at Seymour, Wis., that the directors of the First National Bank of that city have made good the $40,000 deficit for which Thomas C. Coghill, cashier, has been held responsible and arrested by the local authorities. While the examiner is engaged in going over the books of the bank, the government will permit its management to remain in the hands of the directors.

Baron Mayor des Planches, the Italian Ambassador, called at the State Department today to take his leave of Secretary Root. He will sail for Italy next Tuesday.

The abrogration of the agreement between the Rock Island Company and the Harriman interests for the alternate annual control of the Chicago and Alton, as announced today is taken in Washington as another direct result of the inquiry into the Harriman lines by the Interstate Commerce Commission. The management of the Alton was the principal point of attack during the investigation and the existence of ten year arrangement for alternate control by the two big systems to the exclusion of a voice in the management by the independent stockholders, is one of the points on which some of the Interstate Commerce Commissioners have been contending that Harriman could be prosecuted. That Harriman should not object seriously to the abrogation of the agreement is easily understood, when it is remembered that he can cancel the Santedro contract with ex-Senator Clarke when the commission had a notion that this would be agreed upon which to hine the suit.

Mrs. John Ebbling, a bride, as she was leaving a railroad station here this morning was badly hurt by a thoughtless friend throwing some rice in his face. In the rice were some particles of glass which cut the bride's eyes.

COURT OF APPEALS.

The following were the proceedings of the Court of Appeals at Wytheville yesterday.

Virginia Pocahontas Coal Company vs. Lambert; further argued and submitted.

Albert vs. Tidewater Railway Company; argued and submitted.

Next cases to be called: Childress vs. Jordan, trustee; Tidewater Railway Company vs. Shartzer; Trout vs. Norfolk and Western Railway Company, and City of Roanoke et als vs. Blair.

Orchard's Testimony Corroborated.

It was conclusively proven by the State in Boise, Idaho, yesterday that on August 10, 1904, a man who gave the name of J. Wolff, and the address of 1725 Stout street, Denver, where George A. Pettibone had a store, sent from Denver a registered letter addressed to John Dempsey, a name Orchard used in California, at the Golden West Hotel, at Ellis and Powell streets, San Francisco. Orchard had testified that Wolff was a man employed by Pettibone, and this fact the State will definitely establish by means of other witnesses. Orchard swore that the letter contained $100 and a note from Pettibone. Further than this, the State proved that the registered letter from Wolff was duly delivered and receipted for.

The witness by which the State established the Denver end of this testimony was a registry clerk in the Denver postoffice. Her name is Miss Pearl Moore, and she is very pretty.

Missing Launch Found.

After long and tedious work the searching parties from the battleship Minnesota have been rewarded by locating the mizing launch of that vessel, which is believed to be the coffin of the six midshipmen and four of the five seamen who embarked aboard her on Monday night last on the return to their ship, whose side she never reached. The launch is in 18 fathoms of water off Riprap in Hampton Roads.

In a spot nearly midway the channel, thus lending color to the theory that she was run down by some vessel under way, the launch was located. Preparations were immediately made for raising her, and it is probable that the great 100-ton crane at the navy yard will be sent down to the Roads immediately, and divers will be used to fasten tackle around the launch and raise her as speedily as possible.

Denial from Gov. Terrell.

Oyster Bay, N. Y. June 15.—President Roosevelt today received a telegram from Governor Terrell, denying the statement that the Georgia orators were "sore" because the President had said "cut it short," and "cut it out," when they attemped to speak at Jamestown.

Schooner Seized.

His body was found yesterday afternoon, near his home, he having commited suicide by swallowing carbolic acid.

The commencement hop last night at the Military Academy at West Point was the social feature of the year there. Mrs. Ayres did not attend, but her husband, Maj. C. G. Ayres; her son, Cadet Ayres, and her daughter, Miss Emily Ayres, were present, the latter on the arm of Cadet Captain Andrew Lang, of Mississippi.

The greatest gorge of saw logs ever known in a West Virginia stream broke loose two miles up the Guyandotte river at 7 o'clock yesterday evening and practically swept out everything in the river that came in its path. Booms and small craft of every description were swept on in front of the massive gorge. Five piers and a big bridge were destroyed. The loss will be about $2,000,000.

Col. S. H. Wreford, a prominent business man, was shot and killed at Brownsville, Texas, yesterday as the result of a circular he issued in which he bitterly denounced Capt. William Kelly because of Kelly's testimony before the Senate committee which is investigating the Brownsville affair in Washington. Jesse Thorham, the stepson of Captain Kelly, is charged with the killing.

Building interests in San Francisco have brought about the organization of a syndicate of outside capitalists, who will advance $10,000,000 within the next month, to be used in construction on the open-shop basis only. It is said that a few San Francisans have subscribed funds to the syndicate. Another combination in the building line is composed of contractors, large construction companies and material men, who favor the open-shop plan and agree to build or furnish material on that principle only.

In order to continue work on the buildings in Washington on which certain union crafts, members of the Building Trades Mechanics' Council, have been locked out, the Employers' Association has made a call upon out-of-town nonunion workmen, and it is said that within the next few days all of the buildings on which lockouts have occurred will be supplied. One of the contractors informed a committee of the unions that he was not opposed to organized labor, but that he was working nonunion men because members of the union had left his work.

A dispatch from Indianapolis tells of a man whose stomach burst from eating too much. Carl Schuster went to Indiananapolis Wednesday from Canton, Ohio, and he brought with him such a ravenous appetite that he literally ate himself to death. After a tremendous meal he complained of intense pains in his stomach, and a physician was hastily summoned, but in a few moments he died. An autopsy, on the theory that Schuster might have eaten something poisoned, was held by the coroner, but, instead, he found a long rupture of the stomach, which had caused death. The organ was in a perfectly healthy condition, and the coroner found that the deceased had eaten so heartily that his stomach had burst.

Negro Murderer's Confession.

Standing on the gallows, in Atlanta, Ga., yesterday, William Johnson, a negro, convicted of assaulting Mrs. Georgia Hembree, a white woman, in a suburb last August, confessed his crime, and included in his confession a list of other assaults and murders near and in Atlanta last summer and fall which greatly excited public feeling and made possible the riots of September 22.

Johnson admitted on the scaffold that he shot Amos Moody, a white farmer, who was murdered on his way home, August 16 last year; that he attempted an assault on Miss Lawrence, near Atlanta, August 20, by which she was left unconscious and disfigured for life, and for which crime another was sentenced to forty years' imprisonment; that he emptied a shotgun through an open window of the residence of J. W. Bryant, a farmer living several miles north of Atlanta, on the night of November 12 last, seriously wounding Mr. Bryant and his sister; he confessed to attempted assaults on two white women in the suburbs of Atlanta, and he concluded his admissions by telling of the murder of a man whom he called Jackson, in Texas, several years ago.

Today's Telegraphic News.

Apprehension in Russia.

St. Petersburg, June 15.—A royal ukase dissolving the Douma is expected before night. Anarchy, rioting and bloodshed will surely follow. Realizing this, the government is holding troops under arms in St. Petersburg today. The men are being dealt extra rounds of ammunition and ball cartridges. In all the more important cities of Russia similar preparations are being made for the disorders which seem certain.

In St. Petersburg open preparations have been made to awe the people. Numerous patrols are to be seen in the streets and large detachments are under arms in every public square and in the parks ready for instant service. Machine guns are in readiness to mow down the revolutionists the moment they make a disturbance.

The tone of every paper is alarming. Both the Russ and the Retch openly state their fear that terrible concussions will shake the empire. They ironically point out that this renewal of danger of civil war, brought about by the insistence of the czar to maintain absolute control, has brought about these conditions.

Mayor Schmitz Locked Up.

San Francisco, June 15.—Judge Dunne today finally refused to released Mayor Schmitz, convicted of extortion, and added that he be held in jail pending the pronouncement of sentence upon him June 27. This is the final step for the defense in the lower court now, except the filing of a motion for an appeal. It is understood that a motion for appeal will be followed at once.

San Francisco, June 15.—Mayor Schmitz is today a prisoner in the true sense of the word. Late last night he was taken to the county jail and locked up. Ruef says he will continue to tell all he knows in the other cases to be tried.

Plot to Blow Up Peace Congress.

Berlin, June 15.—A plot to blow up the Hague congress at its opening session today has been discovered by the Russian secret police, according to the Morning Post. The greatest precautions are being taken at The Hague to see that the plot is not carried out. Russian terrorists are said to be the instigators of the plot.

There are sure to be some debates before the committees and the news gatherers will be barred for fear exaggerations of such troubles might cause irreparable harm.

Japan and the United States.

Birmingham, England, June 15.—The Post today declares that Sir Claude McDonald, the British Ambassador to Japan, has started from London, where he has been visiting, to Tokio, with special instructions to take immediate steps toward bringing about better relations between Japan and the United States. These instructions were given Sir Claude after the exchange of communications between Washington and London. Interviews with Sir Edward Grey, the British Foreign Minister, and Ambassador Reid confirm the report.

Strike Ordered.

Chicago, June 15.—A strike of teamster, tying up the business of the city, and surpasing the strike of 1905, is almost certain as the result of differences between the stock yard teamsters and the packers. Business Agent Golden of the teamsters' local union at the stock yards today ordered all members of that union to gather up their belongings and take them home, saying that a strike would be declared at midnight unless the packers take an opposite stand to that they announced to him this morning.

Cat in Mail Box

New York, June 15.—"Hurry, there's a baby in a mail box and it must be dying from the noise it's making." This remarkable message was received at a postoffice substation in the Broadway Tenderloin today. At Forty-second street a great crowd gathered about a big package box from which came a whining wail. Some one had seen a woman drop a package into the box a minute before. A postman subsequently arrived, unlocked the box and released a big maltese cat.

Honors for Croker.

Dublin, June 15.—Honors for Richard Croker, which were denied him at Epsom after winning the great English Derby because of the antagonism of the English millionaire horsemen, are to be heaped upon the former Tammany leader at the special racing meeting to be held at Leopardstown, Ireland, on July 10 and 11. King Edward is to attend this meeting and it is expected that Croker will then blossom out as a prominent race horseman.

Theatre Destroyed.

Chicago, June 15.—The Olympic Theatre, the oldest vaudeville house in Chicago, was practically destroyed by fire at midnight last night. The loss will exceed $150,000. The fire caused terror among the guests of the Union Hotel adjoining. All were advised to pack their trunks and vacate. Crossed electric wires are supposed to have caused the fire. Fire Chief Horaran and several of his men were more or less seriously hurt.

To Be Recalled.

Berlin, June 15.—It is reported in official circles that Baron Spech Von Sternburg, German Ambassador to the United States, will be recalled from Washington in the near future. There is no political significance attached to the ambassador's recall, ill-health being assigned as the cause of his retirement. It is said that Baron Mumm Von Schwarzenstein, German ambassador at Peking, will succeed Baron Von Sternburg.

Passenger Steamer Ran on Rock,

Holyhead, Wales, June 15.—For half an hour today the Irish steamer Anglia, with 500 passengers, was fast on submerged rock which she struck in a thick fog. The officers maintained order with great difficulty. Life preservers were distributed and boats were lowered, but the captain got the ship off the rocks with her own steam.

The New York Stock Market.

New York, June 15.—The trading this morning was almost as it was on Thursday. After the first few minutes buying lack of stocks caused a stronger tone and a moderate upward movement, extending in some cases to over a point. At the end of the first hour practically everything on the list showed net gains. The stock market closed weak, with prices generally at the bottom.

John Temple Graves, the silver-tongued orator of Georgia, visited the President at Sagamore Hill this morning.

Nicaragua Invades Salvador.

Guatemala City, June 15.—The invasion of Salvador by Nicaraguan troops has already begun, according to dispatches received here today. This means Central America is on the eve of an "irrepressable conflict" which probably will involve every republic on the great isthmus.

Two expeditions are said to have been dispatched by President Zelaya of Nicaragua. A naval and millitary force is said to have sailed and a land force is now on its way across Honduras to ravage southwestern Salvador. Zelaya seems determined to force his plan of bringing all Central America under one government with himself as its head. Already the newspapers of the various countries are calling on other states to unite, declaring the only safety against Zelaya is union with them.

Beard and other policemen were searching the old Allegheny Institute for thieves when Hardy shot him.

TRIP OF BOSTON HOUSE EMPLOYES.

The seventeenth annual excursion of the Boston House Employes' Relief Association will be given to Marshall Hall next Tuesday, June 18. The steamer Macalester will leave Washington at 6.45 p. m. and will stop at this city both going and returning. The association giving this outing was founded in 1890, among the employes of Woodward & Lothrop, for mutual assistance in time of sickness and death. From the beginning it has proved a gratifying success. Through the careful attention of its managers it has cared for sick members and given a substantial sum to the families of those who died. During the seventeen years of its life the association, although at times carrying heavy burdens, has continued to grow and its usefulness to increase. The proceeds of the excursion next Tuesday will go to the general fund.

TO HEAR SUPT. CLEMENTS.

The State Board of Education has been called to meet at the offices of the department on Monday night, June 24th, to take up the Alexandria county case, to elect a division superintendent for Chesterfield county to succeed the late W. A. Blankenship, and to transact other business of more or less importance.

The case from Alexandria county involves the official record of Division Superintendent James E. Clements.

At the last meeting of the board Mr. Clements was cited to appear before the body to show cause, if any he can, why he should not be removed from office for failure to send in his reports to the department, as required by law. It is understood that in the meanwhile most of the delayed papers have been filed, but this may not suffice to satisfy the board, as they were not filled within the time prescribed by law. At any rate, the board will go into the hearing, and give the delinqent officer an opportunity to say how it all happened.—[Richmond Times-Dispatch.

M. P. CHURCH.

Resolutions Passed by the Official Board of the Methodist Protestant Church, of Alexandria.

Whereas, A disaffection having arisen in the Methodist Protestant Church of Alexandria has resulted in a number of members withdrawing their sympathy and support, and have organized the so-called Bethany Methodist Protestant Church; and

Whereas, This community and the church throughout the district does not understand the conditions resulting in said withdrawal nor why there has been a failure in efforts towards reconciliation, and

Whereas, We, the members of the quarterly conference of this the Methodist Protestant Church, do most earnestly regret the nature of the situation, and likewise are desirous that the public shall rightly understand the situation; therefore be it

Resolved, That the official board of this the Methodist Protestant Church, of Alexandria, do hereby respectfully request the President of The Maryland Annual Conference to send to us a detailed statement, for publication, setting forth the propositions which he made to a joint-committee, representing this church and the body withdrawn, and the action of either body thereupon; and be it also

Resolved, That this quarterly conference does not consent to the efforts towards establishing another Methodist Protestant Church in this city, nor will we recognize it as such; therefore be it

Resolved, That we respectfully request the President and the ministers and preachers of the Maryland Annual Conference to refrain from encouraging such movement by furnishing supply for its pulpit services; and it be

Resolved, That we spread these resolutions in the minutes of this conference, send a copy to the president of the Conference, a copy to the Alexandria Gazette, and a copy to The Methodist Protestant.

REV. G. I. HUMPHREYS, chairman.
Secretary, HARRY HAMMOND.
Alexandria, Va., May 28, 1907.

MARYLAND CONFERENCE, M. P. CHURCH.
Baltimore, Md., June 7th 1907.

The quarterly conference of the Methodist Protestant Church of Alexandria.

Dear Brethren: The resolutions passed by your quarterly Conference, held May 28th, 1907, have been received.

In reply will say I deeply regret the conditions existing in your church previous to this conference year and the consequent withdrawal of certain of your members, and in compliance with your request will make the following statement:

After an interview with a committee representing those withdrawn I had an interview with your pastor, Rev. G. I. Humphreys, and two of your official members as to the possibility of an adjustment of the trouble and the return of those withdrawn.

On a later date (May 16th) at my request a committee of three from the church and a similar number from the body withdrawn met me in the Alexandria M. P. parsonage, at which time, in the interest of peace and harmony, I submitted the following propositions with the request that each committee accept them and report them to their respective bodies for adoption:

1. That the election at the annual meeting to stand. Brothers Greenaway, Hantzmon and Summers to take their places in active relation with the Board of Stewards.

2. That resolutions from the church to be adopted expressing regrets for the occurrences of the evening at the annual meeting and its disapproval of any action not in harmony with a religious meeting.

3. That in view of grievances arising from the ruling of the chairman, he, in the spirit of christian fraternity and harmony, make amends to the afflicted parties.

The committee representing the church accepted all there propositions, while that representing the body withdrawn rejected the first proposition.

I then supplemented the first proposition with the following:

That all stewards of the church resign and a new board be elected.

The president of the conference and one from each side be a committee on nominations, the united church to stand by said nominations.

This was accepted by the committee from the church, but rejected by the other committee.

I then proposed the following:

That all stewards resign and a new board be elected by the United Church.

This was accepted by the committee from the church, but rejected by the other committee.

I then made the following proposition:

That a committee on arbitration be appointed, consisting of three ministers of the Maryland Annual Conference, one to be named by the church, one by the body withdrawn and the other by the president of the conference, their decision to be final.

This was also accepted by the committee from the church, but rejected by the other committee. You therefore see that the committee from the church consented to every proposition made by the president of the conference looking to a reconciliation. The committee from the body withdrawn offered a substitute for the first proposition, which was rejected by the church because it was extreme and unreasonable.

The constitutional provision in the Book of Discipline, Article 4, prevents the president of the conference from recognizing the body withdrawn as a Methodist Protestant Church, except by the consent of the nearest quarterly conference, and I have kept strictly within the bounds of the law in this respect, not having given that body any official recognition. I have not nor can I take any steps toward supplying the pulpit for the Sabbath services of the body withdrawn.

I am Yours, Fraternally,
J. M. SHERIDAN,
President Maryland Annual Conference.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ANNIVERSARY OF FIRST COMMUNION.

The three hundredth anniversary of the administration of the first holy communion of the Church of England in the American colonies will be observed tomorrow by communion services in all the Episcopal churches in the diocese of Virginia and in all the other churches throughout the country. Communion will be administered in the churches of this city at the 11 o'clock services, in addition to the 7 a. m. services, and the rectors of the churches have made appeals to all parishioners to attend. The first communion of the Church of England was given on Jamestown Island 300 years ago at the establishment there of the first English colony on this continent. It was there that the American church was planted. The anniversary of the church's establishment in this country will also be commemorated by the men of the church all over the country by a thank offering. An effort is being made to raise $1,500,000 to be expended in the extension of the church and its work. The fund will be turned over at the next general convention of the Protestant Episcopal Church in the United States, to be held in Richmond next October.

THE PRIMARY.

The democratic primary to nominate a candidate for Congress will be held next Wednesday and the canvass, which has been an unusually active one, is fast drawing to a close but will be kept up till the last. The result is still in doubt, but the friends of Messrs. Carlin, Nicol and Gordon are still claiming the election of their respective candidates. But little is heard here of Mr. Ryan's candidacy and in the betting he is not named, as it is claimed that his own county is not solidly for him and that Loudoun never stands for her own countymen. Loudoun, however, it is said can decide the contest were she to cast a solid vote for either of the three most prominent candidates, but this, it is also said, she will not do, as the vote there is much divided already and would become more so should Mr. Ryan withdraw from the field. Mr. Ryan, however, says he is in till the finish and denies the report that he has not his county at his back.

A GENEROUS GIFT.

Christ Church Circle of King's Daughters having, through their untiring exertions, accumulated one thousand dollars for an endownment fund for an emergency nurse at the Alexandria Hospital, today turned over the money to the trustees of that institution, which was gratefully accepted by the latter at a meeting held today and the thanks of the board returned to the ladies for their munificent gift. The money will be invested and the proceeds will be appropriated to the payment of the salary of an emergency nurse at the hospital as requested by the donors. The money made by the recent presentation at the Opera House of Mrs. Wiggs of the Cabbage Patch has been turned over by the lady managers to the hospital.

CITY OFFICERS.

The election of the city officers by the City Council next month seems to have been overlooked during the congressional campaign, but the election will be held just the same. The following officers are to be chosen: Police commissioner for the Fourth ward, physicians to the poor, health officer, dispensers of medicine, fire wardens, chief of fire department, members of board of health, keeper of alms house, weigher of hay and steward of offices.

So far as known the present incumbents have no opposition. Mr. Graham, police commissioner from the Fourth ward, however, is out, as he is now a resident of the First ward.

PRESBYTERIAN CHURCH NOTES.

Rev. C. W. Maxwell, Superintendent of the Synod's Orphans Home of Lynchburg, addressed the Cheerful Workers this afternoon in the Second Presbyterian Church. He will preach at the morning services in the church.

Mr. Clarence Howell and Mr. Herbert Hall, violinists will add to the music of the Sunday school tomorrow morning.

Tomorrow night Rev. Mr. Sevier will continue his special sermons on the great men of the Old Testament, his subject being, "Lot's Flight from the Burning City." Mrs. Sherman Fowler will sing as a solo "There's a Beautiful Land on High."

BAPTIST CHURCH NOTES.

The Men's League of the Baptist Church will hold its semi-monthly session at the church on Monday evening next.

The Sunday school of the Baptist Church is making arrangements for its annual picnic to be held at Luna Park on Friday, the 28th inst.

Children's Day will be observed in the Baptist Church tomorrow. At the morning service the pastor, Dr. Fisher, will preach a special sermon to the children. Instead of the regular evening service the Sunday school will hold special exercises appropriate to the day.

INJUNCTION.

In the Corporation Court today in the case of W. T. Gorham vs. O. J. Nugent Judge Barley granted an injunction restraining Mr. Nugent and his attorney from prosecuting or attempting a suit in Washington by reason of the fact that the wages of the man to be sued are exempt under the man's poor man's law.

RELEASED ON BAIL.

Charles Markell, recently indicted for stealing telegraph wire, and who has been in jail for the past week or so was this morning released on bail in the sum of $1,000 for his appearance in the Corporation Court on the 26th.

GRANTED A DIVORCE.

In the Corporation Court today Laura A. Greany Chichester was granted a divorce from her husband, George M. Chichester, on the ground of desertion and was allowed to resume her maiden name, Greany.

MUCH ADO ABOUT NOTHING.

A year and a half ago an old resident of the southeastern section of the city laid aside his pilgrim staff and was gathered to his fathers, and later his grave was sodded, a suitable headstone erected and from time to time the surviving members of the family have placed flowers, jardinieres, &c., upon the mound. Although companions in sorrow, it seems that some of the children are not on the best terms with one another, and, strange to say, attention to the grave of the father have added to their variances. About two months ago a daughter of the deceased, who had previously placed an urn on the grave, visited the cemetery and found that two jardiniers had been added to the decorations of the mound, and, believing so many would injure the sodding, she removed the same to the grave of another relative in an adjoining cemetery. This brought on a war of words in the cemetery, which ended in the parties appearing before Justice Caton in the Police Court. The justice, realizing that the case resolved itself into an unfortunate family jar, dismissed it with a lecture to plaintiffs and defendants. The complainants, however, were not disposed to let the matter rest, and later procured a warrant from Justice Julius Pelton for the citation of the young woman before him to answer the charge of removing the grave ornaments. The case came up on a writ of detinue, to recover the jardinieres, valued at ten cents each. Mr. Howard W. Smith appeared for the complainants, and Mr. Charles Bendheim represented the defendant. Mr. L. H. Thompson was called in as associate justice. The case consumed about an hour and a half, and when all the evidence had been taken and arguments heard, the court, realizing that no serious offense had been committed, although a rule of the cemetery had been violated by the young woman in removing the decorations, directed the accused to return the jardinieres not to the grave, but to the party who had placed them upon the mound. As is often the case, neither the plaintiffs nor defendants seemed satisfied with the judgment. The litigants left the room and upon reaching the street walked towards different points of the compass.

D. A. R.

A very pleasant meeting of Mt. Vernon Chapter, D. A. R., was held yesterday evening at "Colross," the handsome home of the hostess of the evening, Mrs. W. A. Smoot. Considerable routine business was transacted and it was decided to ask the vestry of Christ Church to allow the chapter to place a bronze tablet in the vestibule of the church to the memory of the six pallbearers who served at the funeral of General George Washington, all of whom are buried at or near Alexandria. It is said the Alexandria-Washington Lodge of Masons may join with the D. A. R. in erecting the tablet, as the pallbearers were members of that lodge.

I. O. O. F.

A most interesting and well attended meeting of Potomac Lodge, I. O. O. F., was held last evening. The initiatory degree was conferred upon one candidate, one was received by card and one upon reinstatement. The semi-annual election of officers was held with the following result: Noble Grand, Jos. W. Wills; Vice Grand, Norman L. Williamson; Recording Secretary, W. W. Sherwood; Financial Secretary; W. E. Latham; Treasurer, L. Morgan Davis, and Chaplian, Edgar Lyles. These officers, together with appointments which will be made later, will be installed on the first Friday evening in July by the District Deputy Grand Master.

THE SWEET SUMMER TIME.

The long delayed summer seems to be heading this way, and seasonable weather will soon be upon us. Day after day the wind had been wafting rain clouds from the east, while the temperature had been uncomfortably low, until yesterday evening when the wind changed to the northwest and early in the night the stars were shining again. The weather today has been fair and mild, and everything tends to show that fires for heating purposes will not be needed for some time. The weather prophets who have issued bulletins to the effect that the summer of 1907 is to be likened to that of 1816 seem doomed to disappointment.

THE MARKET.

There was a fine display of seasonable produce in the country market this morning, and prices in the main were moderate. Butter sold at 25 cents a pound, eggs 22 cents a dozen, new potatoes 20 cents a quarter peck, snap beans 20 cents, green peas 8 cents, cabbage from 2 cents up, radishes 2 cents a bunch, turnips 5 cents, onions 3 cents, cucumbers 5 cents up and cymlings 5 cents up. There was an abundance of green stuff in the shape of cabbage cuttings, &c., on the benches which sold at reasonable prices. Rhubarb sold at 5 cents a bunch, and small cantaloupes from 10 cents up. Meats and fish were unchanged in prices.

ATTEMPTED SUICIDE.

Miss Mamie Bayliss, eighteen years of age, daughter of Mr. Albert Bayliss, residing at 519 south Alfred street, attempted suicide by taking carbolic acid yesterday afternoon. Her father appeared in time to prevent the young woman from drinking all of the contents of the bottle. It is supposed that Miss Bayliss had been suffering for some time from despondency. She swallowed but a small quantity of the acid and the prompt treatment she received soon placed her out of danger.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; He says: "Doctors got badly mixed up over me; one said heart disease; two said it was kidney; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranted to cure blood poison, weakness and all stomach, liver and kidney complaints, by E. S. Leadbeater & Sons, druggist, 50c.

Dienelt's Pharmacy enjoys the favor of all intelligent people. The reason is not hard to understand. Reliability describes it exactly. Physicians have made it perfectly understood that their prescriptions must be filled exactly as written and under no circumstances can substitutes be tolerated, therefore the bulk of prescriptions come to us because we and our drugs and medicines are known to be absolutely reliable.

Funeral Service for Mare.

A dispatch from Pittsburg, Pa., says that Florence Nightingale, 2:14 1-4, the missionary pacing mare, whose track winnings added $2,500 to the Methodist Episcopal Home Mission Board's funds in six years, who died while racing at Cadiz, is to have a Christian burial when her body will be interred. A short service will be spoken by a minister of the gospel.

A tombstone, inscribed with the story of her assistance to the missionary cause, will be erected over the grave to mark the appreciation of the church for the race-track aid.

The game daughter of Poneto and Nelly B, who was raced over the half mile tracks and down the grand circuit by Senator George W. Glover under a promise to devote all her clear winnings to the missionary cause of the church of which he was a member, fell dead in the harness on Thursday, of heart trouble, while she was being worked a trial heat.

When Mr. Glover decided to enter the racing game, he talked with the pastor of his church. At the suggestion of the pastor, Mr. Glover agreed to devote all his mare's winnings to the missionary cause of his church.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, cold, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumanic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by W. F. Creighton & Co. and Gibson & Timberman.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by E. S. Leadbeater & Sons.

Flowers on Ocean Grave.

An unusual service on the ocean was reported by the officers of the steamship Koenigin Luise, which arrived at New York yesterday from Genoa, Naples, and Gilbraltar.

On the vessel's last voyage from Europe a Mrs. Prentice, of Chicago, a cabin passenger, died, and by order of an Italian immigration commissioner, who was on board, her body was buried at sea

This action is said to have been taken in the face of protests made by Mrs. Prentice's daughter, and other passengers. The steamship's officers declared themselves to be helpless, however, in view of the commissioner's order.

When on the outward trip, the steamship passed near the spot where the body had been put overboard, a large box of flowers was lowered over the side of the Koenigin Luise and set adrift in the ocean.

Get a free sample of Dr. Shoop's "Health Coffee" at our store. If real coffee disturbs your Stomach, your Heart or Kidneys, then try this Clever Coffee imitation. Dr Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet he has not a single grain of real Coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. Made in a minute. No tedious wait. You will surely like it. Sold by E. S. Leadbeater & Sons.

A Dangerous Deadlock,

FOR OVER SIXTY YEARS,
